HQ paper lower 8 miles of LPR 12-16-14-JP+WM.doc

I concluded my review of this very good white paper. I used John Prince's document as the basis for my review of the second half of the paper. The attached version therefore includes all of his comments, and all of mine.

I leave it the Passaic Team to decide which of my suggested possible additions to include. Some of them would be "gilding the lily," and can easily be dropped.
